

60-100 Key Concepts in Computer Science Fall 2015 GA CONSULTING HOURS

If the Java lab is being used for a class at any of the times below, the graduate student GA will find another room on the third floor of Lambton Tower (if possible) and place a note on the door of the Java lab stating “60-100 consulting is in Room ?? for the timeslot ???”

The schedule below will be changed as soon as the schedule for other classes is known.

Please also check the 60-100 web site for the TUTORS schedule – when you can meet with general CS tutors in the CS Commons.
